Themes: Housing, Learning Disabilities, Mental Health, Money, Physical Disabilities

Aimed at: Adults 18+

Our Russell House service provides supported housing for up to 15 single homeless people in the Newark area. Residents are housed in self-contained studio flats, and are supported by staff who are on the premises 24 hours a day. By providing outside links to life-enhancing training, education and volunteering opportunities the service helps people along a journey away from homelessness and towards independent living. The maximum stay allowed is two years, but further support is made available to people once they have move on.

Area: Bassetlaw
