Aimed at: All People

We have a fully equipped Community Centre set into a backdrop of 2 acres of beautifully maintained Gardens that not only runs its own projects but also can be booked for parties, projects and other events.

We aim to cater for people in every age group from birth through to old age and have successfully set up various projects with this in mind.

Much of our work and projects we do are Volunteer based and Grant driven.

Which provides plenty of opportunity for people of all ages to volunteer and get involved with anything from Gardening, Catering and Hospitality, to Children's work, Youth work and work with the Elderly.

Our aim has been and still is to be a heart beating in the middle of a community that has had very little, To be an Oasis of life that helps to revive and rejuvenate a once lost area and to provide a Home where people can come and feel like they are a part of something larger than themselves.

Over the last 9 years it has been a privilege to engage with the community

through our large and small scale events. Our work has played an important part in bringing a community back to life and we are excited to see what the future holds for the Oasis.
