With Girlguiding Nottinghamshire, your daughter will build brilliant, lasting friendships, gain valuable life skills and ultimately make a positive difference in their lives and communities.

In 2010 we celebrated 100 years of Guiding. Our style and programme has evolved over the years and the girls participate in a range of exciting activities. We may have been going for a long time but we continue to give girls and young women, of all backgrounds and faiths, an opportunity to make their voices heard so that they can realise their full potential to become dynamic members of the 21st century.
