The Children's Bereavement Centre is run by a committed team of friendly, supportive and professional people who are qualified to help with the grieving process brought on by the death or terminal illness diagnosis of someone close.

The Centre is open to children aged 3 to 18 and offers a welcoming and safe environment for them and their families to receive the help and guidance they need. It's really easy to refer to our services, [click here](#) for more information about how to access our support.

We are funded by various charitable trusts, organisations, donations and local fund-raising. (Please see funders and local support page).
