Busy Bees runs 379 exceptional nurseries spread right across the UK and Ireland - and more overseas. Whichever you choose, you'll find the rich learning opportunities and warm, nurturing environments that parents and children love.

Funding your childcare

It's not always easy to cover the costs of childcare, so we're really pleased to offer government funding options for children in England, Scotland and Wales - including 30 hours funded childcare.

A Busy Bees child is happy, sociable, confident, independent, creative and unique. It's all down to our exceptional approach to childcare, where we nurture, challenge, and encourage every child as they develop and grow.
