**Themes:** Social Activities

**Aimed at:** All People

Our Activities

We are a small and growing enthusiastic group. We have two activities within the overall society:

- The Local History group holds meetings every other month when a guest speaker will entertain and enlighten us with a short talk on one of his or her specialist subjects.

- The second activity is a self-help Family Research group that meets every month.

In addition, we try to organise at least one visit to a place of interest during the better weather. Every year we find somewhere different to enjoy the surroundings and a social day out.

Our members come mainly from the Wheatleys and from the neighbouring towns and villages of North Nottinghamshire.

Details of our meetings are shown on the Future Events page,

We have also published 2 books about the joint villages of North & South Wheatley - Photographic Memories and The History and Stories of North and South Wheatley. Please see the Book Sales page for more details.

Research Group meetings are now free of charge for the rest of 2021, so why not just come along and find out how we can help you with your family research..

Details of future Local History Group meetings added.

Please note that all meetings of this group, all of which include a speaker, are free of charge for members and none members alike. Please come along.

The next meeting of the Research Group will take place in September at the Village Hall in South Wheatley starting at 2 pm and will be in the main meeting room. Admission is FREE for this 2 hour session.

The next Local History group meeting will take place on Monday, September 20th. at the Village Hall This meeting will start at 10.00 with the AGM.

Following the AGM, Elaine Perkins will talk about "Concealed Objects and Written Charms".

There is no charge for this meeting. Please come along.

More details of these meetings are shown on the Future Events page.

This site is still "under construction" and more pages are being added as they are developed
