Themes: Care and Carers, Children's Health and Behaviour, Debt, Families and Children

Aimed at: Baby & Toddler Age 0-5, Children Age 6-11, Teenagers 12-17, Adults 18+

Our aim at From The Heart is to make in-roads to alleviate severe systemic socio-economic deprivation and persistent poverty, to local families with children and young people living in the Bassetlaw District of North Nottinghamshire. Our help provides support with: food, clothing, furniture & sensory toys/clothing. However, all requests and circumstances will need to meet the criteria set out by From the Heart Charity. As a charity we work holistically with other local organisations such as education and training providers, community groups, other charities and local organisations, which enables us too widen the scale and scope of the service we offer as well as aid in the promotion and protection of a good healthy life in our community.

Area: Bassetlaw
