Aimed at: Baby & Toddler Age 0-5, Children Age 6-11, Teenagers 12-17, Adults 18+

Healthy Family Teams

Healthy Family Teams are part of the Healthy Families Programme. We are an integrated service for children, young people and families which brings together care provided by health visitors, school nurses, the Family Nurse Partnership Programme (for first time teenage mums) and the National Childhood Measurement Programme.

There are 20 locally based 'Healthy Family Teams' across the County which are central to the programme. Children, young people and families will receive care from this service from before birth to their late teens when they need it, regardless of where they live in Nottinghamshire.

A Specialist Public Health Practitioner leads each Healthy Family Team. Other staff in the teams are Public Health Practitioners, Senior Assistant Public Health Practitioners, Assistant Public Health Practitioners, Community Health Assistants, Screening Assistants and Administrators. By working together, each Healthy Family Team member will support families and children in different ways depending on the type of help required.

This service works 8.30am - 5pm Monday to Friday but can also work out of hours if required.

Area: Bassetlaw
