

Project Lead or Youth Leader – NHS Cadets Derby and Chesterfield *Work and Volunteer with us!*

The NHS Cadets Project aims to attract and develop young people, preparing them to sustain themselves in health volunteering opportunities. Through a 36 week programme, we will be helping young people to not only gain new skills and knowledge but to get hands on experience in the NHS.

We aim to specifically widen access for 14 to 18-year-olds who come from groups which have not traditionally entered health volunteering, such as marginalised young people, those in care, not in education, employment or training or from ethnic minority backgrounds. These are split into two age programmes; 14 - 16 Foundation and 16 - 18 Advanced.

We have two programmes running in partnership with Joined Up Careers Derbyshire, University Hospitals of Derby and Burton NHS Foundation Trust and Chesterfield Royal Hospital NHS Foundation Trust; Derby on a Tuesday Evening and Chesterfield on a Thursday Evening.

We are looking for paid Youth Work delivery staff and Volunteer Youth Support Workers (18 years +) to support this session weekly.

To find and more and apply for either a paid or a voluntary role with us please visit:

Jobs (Derby) – <https://www.sja.org.uk/careers-at-sja/vacancy-listing-page/vacancy-detail/178175> (deadline 15th August)

Jobs (Chesterfield) - <https://www.sja.org.uk/careers-at-sja/vacancy-listing-page/vacancy-detail/178152> (deadline 15th August)

Volunteer - <https://www.sja.org.uk/get-involved/volunteer-opportunities/volunteer-opportunity-search/opportunity-detail/117204> (Deadline 31st December 22)

If you are a trust volunteer and are interested or have any questions, please contact Carolyn (Regional Programme Lead): Carolyn.Bowers@sja.org.uk
