If you are looking for tips and ways to budget, save money, or just some savvy shopping tips, this course is for you. With the rise in cost of living, we're all looking for ways to make our money stretch. This course will help you think of new ways to make the pennies go that little bit further.

This FREE course is for people who don't have a level 2 qualification in maths (GCSE C/4 or above). You will self-declare this on the enrolment form.
