Funding news

Warburtons Community Grants for Projects involving Families in their Communities.

Warburtons Community Grants provides various grants including small grants **up to £400** to support charitable organisations towards broader activities which **improve Health, Place or Skills for families in their community.**

Based on their localism approach, their larger community investment funds are processed via their local bakeries and depots. It's worth noting that here is an opportunity for charitable organisations within 15 miles of their depots / bakeries to be invited through a solicited process to apply for larger grants of up to £20K.

There is a bakery in Eastwood in Nottinghamshire, which is within 15 miles of many areas within Nottingham, Nottinghamshire, and Derbyshire. If you've a small project or item of expenditure that could be funded with a grant of up to £400, it might just grab their attention!

The next closing date is 7th February 2024.
