

Derbyshire VCSE(F) Survey - Autumn 2023

This survey has been created by the Derby and Derbyshire Integrated Care Board (ICB) and Derbyshire County Council to explore the needs of the voluntary sector and the current support on offer.

The target audience for this survey is the voluntary sector across Derby and Derbyshire. This covers a wide range of organisations and groups from small self-help groups with no paid staff to large charities. You could be a paid staff member, or volunteer or a trustee. **We are looking for feedback from anyone and everyone who works and volunteers as part of the voluntary sector.**

After the initial questions to find out more about your group or organisation, you will be asked about the support provided by the current Derbyshire Infrastructure Organisations, the support that you access from them and the support services that you need from them. The final questions will ask about your support needs, so that we have a clearer understanding of what the voluntary sector needs in order to grow and thrive. This survey will consider the following **Derbyshire Infrastructure Organisations:**

- Erewash Voluntary Action
- Community Action Derby
- Amber Valley CVS
- High Peak CVS
- The Bureau (based in Glossop)
- Chesterfield and North East Volunteer Centre
- Derbyshire Voluntary Action (based in Chesterfield)
- Bolsover CVS
- Connex Community Support (based in Buxton and Ashbourne)
- Derbyshire Dales CVS
- New Mills and District Volunteer Centre
- South Derbyshire CVS (based in Swadlincote)
- Rural Action Derbyshire (county wide)
- Links CVS (based in Chesterfield)

Glossary

CVS = Council for Voluntary Services or Community Voluntary Services

VCSE(F) = Voluntary, Community and Social Enterprise (Faith) (VCSE and voluntary sector mean the same thing)

NAVCA = National Association for Voluntary and Community Action

Deadline 31st January 2024

Not at all likely					Extremely likely					

10. What would you like to see Derbyshire Infrastructure Organisations deliver more of? (Please rank these items with 1 being the most important and 10 being the least important).

	Development of forums and networks
	Circulation of local newsletters
	Engaging the VCSE sector to promote their contribution, have a voice and raise issues
	Advice for funding
	Support for groups to develop, such as support writing funding bids, developing policies, developing constitutions and financial planning
	Engagement with the VCSE sector and the sharing of feedback with commissioners about the needs of the sector
	Support and encourage the development of volunteering
	Working strategically with statutory organisations to consult, inform and involve the wider VCSE
	Providing a VCSE perspective at local partnerships eg. Place Alliances
	Supporting and empowering communities to act on things that are important to them

11. Is there anything that you would like to see Derbyshire Infrastructure Organisations do more of?

13. Are there any other development areas that you have accessed a Derbyshire Infrastructure Organisation for support with over the past 12 months?

14. *If an Infrastructure Organisation delivers direct services, this could put them in direct competition with local VCSE organisations, which could be viewed as a conflict of interest. This could make it difficult to gain the level of trust necessary to deliver the infrastructure support functions.*

For example when an infrastructure organisation is supporting a group to apply for funding, and the infrastructure organisation itself is applying for the same funding.

To what extent do you agree with the above statement? (Please circle your selection below and only answer if relevant.)
