

DIGITAL EXCLUSION AWARENESS TRAINING

Workpays in partnership with Digital Support Derbyshire & Rural Action Derbyshire

Today, digital skills are an essential in daily life and this training aims to raise awareness of Digital Exclusion and the support available for people in Derbyshire.

It will introduce frontline workers, volunteers, and general members of the public to the impact that Digital Exclusion has on individuals, enabling them to understand how they can support people they know informally in the community (friends, relatives, neighbours) or in a work/volunteer role.
