

## Groundwork

Groundwork are offering volunteers aged 18-25 the opportunity to learn green skills, help local wildlife and improve physical and mental wellbeing. Volunteering will involve maintenance work along the Archaeological Way. It will occur every other Wednesday between 09.30am and 13.30pm with each session covering a different part of the Archaeological Way which will be confirmed with you. Volunteers are encouraged to bring gloves, however some will be provided if needed.

Which Sustainable Development Goals does this volunteer project work towards?

- 11 – Sustainable cities and communities
- 13- Climate action
- 15- Life on land

How to volunteer:

Contact the Green Generation team to express your interest.
